

ABBOTT INDIA LIMITED

Since 1910, Abbott has been dedicated to helping people in India live healthier lives through a diverse range of science-based nutritional products, diagnostic tools, branded generic pharmaceuticals, and diabetes and vascular devices.

Headquartered in Mumbai, Abbott India Limited, a publicly listed company and a subsidiary of Abbott Laboratories, takes pride in offering high-quality trusted medicines in multiple therapeutic categories such as women's health, gastroenterology, cardiology, metabolic disorders and primary care.

One of India's fastest-growing pharmaceutical companies, Abbott India Limited is part of Abbott's global pharmaceutical business in India.

We have expertise across product development, manufacturing, sales and customer service and are dedicated to providing high-quality, reliable products with the expert clinical support our customers need.

Abbott India Limited believes in providing quality healthcare through a mix of global and local products for people in India. Our in-house development and medical teams undertake product and clinical development tailored to the unique needs of the Indian market. Our employees work to produce high-quality, high-volume formulations using cost efficient processes. And, our trained personnel are dedicated to ensuring compliance with international quality standards.
